## TEE TIME

The golf collection of Camp Creek, Shark's Tooth and Origins offers discerning golfers a rare assembly of three legendary golf course designers all within a 12-mile radius of WaterSound West Beach. Tom Fazio-designed **Camp Creek Golf Club**, an 18-hole, par-72 championship course measuring 7,159 yards has been named "Course of the Millennium" by *Travel + Leisure* magazine. Camp Creek's five-tee configuration accommodates players of all skill and experience levels. It has also been recognized for its environmental stewardship by designation as a Certified Audubon Cooperative Sanctuary by the Audubon Cooperative Sanctuary System.

A new concept in golf is the revolutionary **Origins** course, designed by Davis Love III. Located in the WaterSound community, the 1,800-yard, six-hole regulation course also plays as a nine-hole executive course and a 10-hole, par-three. This course is fun for families, beginners and casual golfers, while providing enough challenge and strategy on the regular holes for experienced players.

The private Greg Norman-designed **Shark's Tooth Golf Club** is the centerpiece of the Wild Heron community, located 10 miles away. The course stretches to 7,209 yards from the back tees and features five fairways that border scenic Lake Powell. With majestic live oaks and loblolly pines coupled with acres of preserved wetlands, it is easy to see why *Golf Digest* voted Shark's Tooth the fifth best golf course in all of Florida.

*Access to Shark's Tooth Golf Club is available to property owners and resort guests in JOE-designated communities. Access to Camp Creek Golf Club and Origins is available to property owners, resort guests and the public.*
